AESTHETIC THERAPY PRICING

Laser Elite was started in 2008 from humble beginnings and since then we have built the business up to be one of the leading laser clinics in Gauteng. Our philosophy has always been to make minimally invasive aesthetic treatments more accessible to the average person looking to improve his or her appearance. Cosmetic surgery has completely changed by using these non-surgical (or "non-invasive") treatments which are less expensive, painless and require less recovery time.
